

RioVida

Ride the River of Life.

Your complete guide to superfruit immune support — powered by
the patented 4Life Transfer Factor® Tri-Factor® Formula.

ANTIOXIDANTS · IMMUNE SUPPORT · EVERYDAY VITALITY

WELCOME

You're holding the *source*.

RioVida — literally the *river of life* — is 4Life's celebrated superfruit beverage. It brings together the world's most antioxidant-rich fruits and the science of Transfer Factor into one delicious daily ritual for immune support.

This guide walks you through everything you need to begin: what RioVida is, the science that makes it unique, the superfruits inside every drop, the four ways to enjoy it, and a simple routine to make it part of your day.

"Immune support you can actually taste — and look forward to."

THE RIOVIDA FAMILY — JUICE, STIX, BURST & CHEWS

THE ESSENTIALS

What is *RioVida*?

RioVida is the world's only antioxidant-rich immune shot powered by 4Life Transfer Factor®. Each serving blends a proprietary mix of superfruit juices with three sources of Transfer Factor — delivering both the antioxidants your body loves and the immune education only Transfer Factor provides.

TRI-FACTOR®
PER SERVING

Where ordinary juices simply add antioxidants, RioVida pairs them with Transfer Factor — molecules that help your immune system *recognize, respond, and remember*. That combination is what sets RioVida apart, and it's protected under the patented Tri-Factor® Formula.

RIOVIDA JUICE · SUPERFRUIT IMMUNE SHOT

THE SCIENCE

The Tri-Factor® *Formula.*

Transfer Factors are tiny messenger molecules that carry immune knowledge. 4Life concentrates them from three natural sources and combines them into one patented formula — the heart of every RioVida product.

01

UltraFactor®

Ultra-filtered Transfer Factor proteins and peptides sourced from cow colostrum — nature's original immune messengers, passed from mother to newborn.

02

OvoFactor®

Transfer Factor peptides drawn from chicken egg yolk, broadening the spectrum of immune information your body can draw upon.

03

NanoFactor®

A nano-filtered colostrum fraction that helps balance and fine-tune the immune response — so it acts at the right time, in the right measure.

Recognize. Respond. Remember.

Think of Transfer Factor as a coach for your immune system. Antioxidants from the superfruits protect your cells, while Transfer Factor helps your natural defenses learn and act more efficiently. Together, they make RioVida far more than a tasty juice.

INSIDE EVERY DROP

Five superfruits, one *current*.

A proprietary blend of antioxidant- and bioflavonoid-rich juices — each chosen for the unique goodness it brings.

**Açaí** *Euterpe oleracea*

The Amazon's deep-purple powerhouse, prized for one of the richest anthocyanin profiles of any fruit on earth.

**Pomegranate** *Punica granatum*

An ancient symbol of vitality, packed with punicalagins and vitamin C to fuel everyday antioxidant defense.

**Blueberry** *Vaccinium corymbosum*

Small but mighty — a beloved source of flavonoids that support cellular and cognitive wellbeing.

**Elderberry** *Sambucus nigra*

A time-honored botanical traditionally embraced during the seasons when immune support matters most.

**Purple Grape** *Vitis vinifera*

Skin-rich grapes deliver resveratrol and polyphenols that round out RioVida's vibrant antioxidant chorus.

CHOOSE YOUR FORMAT

Four ways to *thrive*.

Every format is built on the same Tri-Factor® Formula — pick the one that fits your life.

Juice
THE ORIGINAL

The signature liquid shot. A rich daily pour of superfruit antioxidants.

\$45.00 ~~\$53.00~~

Take it anywhere

Slip a pack in your bag, pocket, or carry-on and thrive on the go.

1

Tear

Open a single packet

2

Pour

Stir into cold water

3

Thrive

Superfruit immunity, anywhere

MAKE IT A HABIT

Your daily *ritual*.

Consistency is everything. Here's a simple rhythm to weave RioVida into your day.

1

Begin with the morning shot

Take your daily serving of RioVida Juice — on its own or chilled over ice. A bright, antioxidant-rich start before the day gets busy.

2

Carry Stix or Burst for the go

Traveling, at the gym, or between meetings? Tear a Stix into water or squeeze a Burst for immune support anywhere.

3

Share Chews with the family

A delicious, convenient chew for ages 4 and up — an easy way to bring everyone along on the ritual.

4

Stay consistent for 30 days

Immune support is a daily practice. Give your body a full month of consistent RioVida and make it part of your everyday.

QUESTIONS, ANSWERED

Good to *know*.

How often should I take RioVida?

RioVida is designed for daily use. Most people enjoy a serving each day as part of their morning routine.

Is it safe for children?

RioVida Chews are formulated for ages 4 and up. For other formats and younger children, check the label and consult your healthcare provider.

What does it taste like?

Rich and berry-forward — like the superfruits it's made from. Açai, pomegranate, blueberry, elderberry and grape give it a naturally vibrant flavor.

Is RioVida gluten-free?

Yes — RioVida Stix is gluten-free. Always review the product label for the format you choose.

How should I store it?

Keep bottles cool and out of direct sunlight; refrigerate the Juice after opening. Stix, Burst and Chews are shelf-stable and travel-friendly.
